

Axal VC Spin-Out Fund I

Pre-seed · Vintage 2026 · Delaware LP

Back companies at the moment they become companies. The fund invests exclusively in Spin-Out Lab graduates — incorporated, 83(b)-filed, cap-table-clean, with verified customer discovery and revenue proof.

THESIS

Every investment is underwritten by 28 days of observed execution data, not a pitch. The Spin-Out Lab runs founders through structured customer discovery, incorporation, cap-table formation, and first revenue — producing a verified evidence base before any check is written. The fund sees the work, not the narrative.
